

Ipswich State School

CONSTRUCTION OF NETBALL COURTS

PREMIER
SPORTS & LEISURE
#1 In Sports Surfacing

CLIENT: Ipswich State High School

COMPLETED: June 2018

SURFACE: Acrylic Hard Court

In 2018 Premier Sports and Leisure constructed and surfaced two new netball courts for Ipswich State High School.

Premier transformed a dirt patch at the back of the school to two brand-new eye-catching netball courts.

We complete all earthworks, base compaction, steel prep and both slab pours in just one week. Then returned 28 days later once the slab had cured, to really bring this project to life, with our Premier Acrylic Hard Court Surface.

The school decided to go with Red and Aussie Blue court colours, to match their school logo and uniform.

To complete the court and add the final touches, we supplied and installed 2 pairs of adjustable netball posts and suitable post padding.
