

# Ripley Bumblee Bee

## SURFACING MULTIPURPOSE COURTS

**PREMIER**  
SPORTS & LEISURE  
*#1 In Sports Surfacing*

**CLIENT:** Bee Hive Court - Ripley  
**COMPLETED:** March 2020  
**SURFACE:** Acrylic Hard Court

In March 2020 we surfaced a new half Basketball court for a landscape company that we have worked with multiple times, at a park called Bumblebee Park, in Ripley.

The landscape company had already constructed the slab, and installed the basketball tower, ready for us to come in and complete the surfacing and line marking works.

Premier Sports and Leisure was requested to surface with a Grey Acrylic Hard Court surface, with bright yellow line markings, along with hexagons to link in the Beehive theme.

The team at Premier loved this project as it was different from what they would normally do. People are still thankful that Premier built this court for the kids to play on.

We are still getting very good feedback about this court a year later. "The kids absolute love it. They can't wait to finish school and run down to play."
