

PURE TENNIS

TENNIS COURT RESURFACING

CLIENT: Pure Tennis - Ferny Grove
DURATION: June 2022
SURFACE: Acrylic Hard Court

Premier Sports and Leisure had the opportunity to resurface two tennis courts for Pure Tennis at Ferny Grove.

These courts have been through many weather events and the club decided after the floods we had in 2022 that it was time for them to be brought back to life.

We worked hard with the club and Michael Blomer from Queensland Tennis Association to come up with the best plan of action.

Pure Tennis decided that they wanted to make the most of this opportunity and surface the two hard courts with the colours of their logo.

These stunning colours are all custom made and designed by QA coatings and Premier Sports and Leisure to get the perfectly matched colours.

This job was the first time Premier, and the team have completed a project with custom colours which makes it a very special and a favourite job for the year.
